General S. Cooper
A. & I. Gen'l. C.S.A.
General

I have the honor to request the appointment of Harper Carroll to the rank of Captain or such other grade as may be considered suitable & to be retained as aide on my staff. Since the beginning of the war Mr Carroll has been in our service at his own expense, during a great part of the time performing the duties of a private. During the late contests at Spotsylvania C.H. he was acting as aide on my staff & had his horse shot. He is well known in the Army of N. Va. for his coolness, bravery, & devotion to our cause. His services are now necessary to me, as Lieut. T.S. Tarry aide is & will be for months unfit for duty, owing to a severe wound & Mr Carroll could take his place

RECORD DIVISION, DEPARTMENT.

Rec'd Feb: 19.

Mr Davis

Dear Sir

— I am extremely sorrow that a friend of mine should be prejudiced and I know of no one but yourself, who has the ability to prejudice him, if I did, I think I should respect making a request of my friendship than of any other man in the world. The young gentleman before you, a Mr Lawton who has been in the service for twenty months, has fought in every battle in the Potomac, he is brave and good has but one motive for action, duty, and but one hope in fighting, Success, for his cause. I mention his qualifications not that his promotion should be based on merit; all of our soldiers are ambitious, but that you may feel, if disposed to be generous, you favor

will not be bestowed on an unworthy object. Gen Fitzhugh Lee gave Mr Harper Carroll permission to go over to Maryland with Col Lulie and the Rangers of Washington. He is there at present, and is of course perfectly ignorant of this application. How charmed he would be on his return to find himself, Lieut. of Cavalry in the P.A.C.S.!

Mr Carroll has been with Gen F Lee and I suppose, I could get letters from both Gen Lee and Gen Ewell; but I know neither gentleman and should prefer the favor I ask to be extended no further than yourself. I will vouch for my friend. Mr Sheffey of the House, has promised to vouch for me. I hope Mr Davis will pardon this encroachment on his very valuable time, and in granting this favor he will give pleasure & do his country "good and not evil."

Very Respectfully Eleanor I. Thompson.

Memphis [illegible] day of [illegible]

I [illegible] addressed & forwarded to Richmond & commenced the work of raising companies for the Confederate Service. Five Companies have I left had entered their services, and I was satisfied that five others were organized. Besides I am much gratified to state that a great revolution is going on in that section, which entirely changes the opinions, and action of almost all of those who have heretofore been favorable to the old Union. I feel no hesitation in expressing the belief that I can raise four, or five thousand troops in East Tennessee in the next forty days. Four Companies have already tendered themselves to go with me before I left. It would be a gratification if you would have an order issued for Capt Jackson's, Capt Barbour's, Capt Ragsdale's, and Capt Lee's Companys to rendezvous at Camp Ramsey near Knoxville. — A Regiment could be immediately organized to march at your order

Gen'l P. Carroll was suspended from his command, before the battle of Shiloh. He demanded as we are informed a Court Martial, or Court of Inquiry, which has been delayed on the exigencies of the service, it not being possible to assemble a sufficient number of General officers to constitute a Court. We are induced from what we have heard of the circumstances, that a brave & meritorious officer has been arrested unjustly by reason of which we are forced to believe from circumstances, as we are informed, he totally mistakes in his influence in Tennessee. His influence among the masses acknowledged loyalty & his devotion to the south we are entrained, in this crisis, when the south demands every man, who can aid her, to ask you to aid us in having him restored to his command, and where now the accusations against him entitle he can have a fair & impartial inquiry into his conduct.

A memorial has been sent to the President setting forth the facts, and we would ask that you use your influence to have him restored

6 May 63.

There is no assignment which can now be made of this gentleman. Brig. Gen. Chalmers has already his complement of staff officers & Mr. Carroll could not be legally appointed Lieut. of Cavalry. His application will therefore have to remain on file until a suitable opportunity shall occur for appointment commensurate to law.

Act A.G.

House of Representatives

Washington, April 21st, 1863.

My dear Sir:

I take the liberty of addressing you a request in behalf of my young friend, Wm. H. Carroll Jr. He is the son of Brig. Genl. Wm. H. Carroll, concerning whom I am [illegible] urged upon you, to the charge of [illegible], and whatever may have been the [illegible] of the father — [illegible] [illegible] than [illegible] them to [illegible], it would be idle in me to recur to a [illegible] subject now) — yet it is [illegible] that the son [illegible] [illegible] by [illegible]. He is twenty-three or twenty-four years of age; and I know him to be remarkable, in a higher degree than are nine out of ten of the young men of the present day, for sobriety and temperance

all of his habits and personal attention to business. About this I think it impossible that I who have known him from his early boyhood, and have felt much an interest in him & had induced me to recommend his habits and bearing, can be mistaken.

He was formerly of his father's Staff — his individual — and so continued during the whole period of his service and up to the time when he resigned his command. His resignation on the part of the soldiers threw him out of his position; and in it now with Brig. Gen. Chalmers, acting as Inspector of his Brigade, without a commission.

Gen. Chalmers, as I am informed, would most cheerfully recommend him for appointment as Asst. Gen'l. of his Brigade, were it not that he had already requested the War Department to assign to him his former Staff.

Under these circumstances, in view of the young man's real merit, and of the consideration that it would seem hard that he should suffer on account of the imprudence or indiscretion of his father, I have thought that you might be inclined, should the interests of the service warrant it, to assign him to some duty; and I have ventured to suggest that of Capt. of Cavalry, with orders to Report to Gen. Chalmers.

I have been encouraged to bring this matter to your attention, that informally, by the kind terms in which your letter was couched, replying to a former one I addressed you, in behalf of the father. It is unnecessary that I should say, that whatever action may be taken by you, in this or in other matters, will be felt by me as being prompted solely by the highest considerations of public duty.

With high respect,
Your Ob't Sv't,
Jas. H. Clanton

Hon. Secretary of War,
Jefferson Davis.

To the Hon. Qr. Master General - C. S. A. -

James H. Carson, of Frederick County, Virginia, Respectfully represents -

That on the 25th day of June, 1861. - Major Vaughn, Qr. Master 2nd Tennessee Regiment of Volunteers, then in the service of the Confederate States, impressed his team, consisting of a Wagon and four horses with the necessary gearing and apparatus, into the service of said States; and on the same day received said team into said service, at the Camp of said Regiment, near Maxwell's, and Neil's Mill Dam, 7 or 8 miles from Winchester That Lewis, the driver who drove said team returned home sick on the 27th day June: leaving said team in said service, & he it continues.

Major Vaughn never gave any receipt or evidence of said impressment and refused & refuses to do so - because, as he says he turned said team over to the Genl Johnston Army, a few days after it was impressed, as he is informed.

Said Wagon and team have lately been appraised by disinterested persons who know it well, at the price of Six hundred and twenty five dollars ($625) - as will appear by Peter Hardesty's affidavit.

The Qr. Master Department is asked to cause the hire and price of said Team to be paid: or to require said Major Vaughn to give the necessary evidence of said impressment so that said hire and price may be paid by the proper

commanding officer: and that [illegible] may
be forwarded to some Confederate Tribunal, for
adjustment: Respectfully submitted -

Sir

Yours of the 11th of the present month came to hand by last evening mail and contents noticed.

I can only answer your letter from recollection having burned all papers connected with my official capacity as Forage Master [illegible] the infernal scoundrels all around us and expect them in our town every day but as yet they have come in the [illegible] not to pay us a visit.

My impression is that I sent off the first lott of Genl. J. H. Carsons Corn on or about the 1st of June and the second lot of Corn and Oats on or about the 18 of June 1861. Capt Gilmer was acting as Quarter Master at Manassas on the first of June and was removed and Maj Cabell succeeded him and entered upon his duties about the 6th of June 1861.

Thus you will see if I am correct in my recollection that it was the duty of Capt. Gilmer to pay for the first lot of Corn and Maj Cabell the second lot of Corn and Oats, but they were so confused in their settlement that the one contended that the other should pay for the grain purchased by me of Genl. Carson and so it remained until they were separated and then the only alternative was for me to give Genl Carson a certificate for the amount of grain furnished by him that he might pursue such a course as would enable him to obtain the amount due him which he did [illegible] my certificate. It was not my [illegible] to take the receipt of the [illegible] [illegible] from the receipt of the different depo agents along the line of Manassas they furnishing the Quartermasters with a copy of the manifest, there was no difficulty about the amt of grain the only difficulty was who should pay for it and I know it has never been paid for and the amt justly due Genl J. H. Carson.

TREASURY DEPARTMENT, C. S. A.,
SECOND AUDITOR'S OFFICE,
Richmond, Va., November 1st, 1862.

REGULATIONS

For the payment of claims for arrears of pay and allowances due to deceased officers and soldiers of the Confederate Army, per Act No. 40[illegible], approved February 15th, 1862, and Act No. 30, approved October 8th, 1862.

The first section of the above named Act provides "that the pay and allowances due to any deceased volunteer, non-commissioned officer, musician or private in the army of the Confederate States, shall be paid to the widow of the deceased, if living, and if not, to the children, if any; and in default of widow or children, to the father, if living, and if not, to the mother of such deceased volunteer."

The first section of Act No. 30 provides "that claims due to deceased non-commissioned officers and privates for pay, allowances and bounty, may be audited and paid when there is official evidence of the amount due, satisfactory to the second auditor, under such regulations, as he has, or may prescribe, with the approval of the Secretary of War."

By section 2 of the same Act it is provided that "the claims of deceased commissioned officers shall be paid to their heirs or representatives in the same manner as similar claims of [illegible] commissioned officers and privates are now, or may be directed by law to be paid." Payments will be made accordingly under the following rules:

1st. If the child or children be minor, payment will be made the guardian, upon the production of the proper certificate of guardianship under the seal of the Court.

2d. The claimant must produce his or her affidavit, and that of one disinterested witness, stating the relationship. For instance, if the claimant be a mother, the affidavit must state that there is living neither wife, child or father of the deceased; if the father, that there is neither wife or child; and if the child, that there is no widowed wife.

The *magistrate or other proper* officer must *testify to the credibility* of the witness, and the clerk of the Court must certify, under the seal of the same, that he is such magistrate.

The aforegoing instructions must be strictly complied with. Powers of attorney or assignment, which will seldom be necessary, may be executed before a magistrate, or in the presence of two respectable witnesses. Claims prepared as herein directed, and transmitted to the Second Auditor by mail or otherwise, will receive as prompt attention as the business of his office will allow, and *always in the order of their presentation.* The amounts found due will be remitted by the auditor, to the parties entitled as they may direct.

W. H. S. TAYLOR,
Second Auditor.

WAR DEPARTMENT, C. S. A.,
November 5th, 1862.

I approve the foregoing rules and regulations.

G. W. RANDOLPH,
Secretary of War.

The attention of claimants is called to the following forms in preparing their affidavits, an observance of which will save time, trouble and expense:

STATE OF *Virginia* } On this *6th* day of *February*

Carson* deceased, who was a*n* *Asst Surgeon* of Captain [illegible] Company, *19th* Regiment of *Tennessee* volunteers, commanded by Colonel *David H Cummings* in the service of the Confederate States in the present war with the United States; that the said *Asst Surgeon* [illegible] entered the service at [illegible] in *Washington* County and State of [illegible] on the [illegible] day of [illegible] 1861 [illegible] on or about the [illegible] day of *Nov* 1861 *of disease* and died on the [illegible] *whilst in service under Brig* [illegible] leaving *no wife or child*

That *he* makes this deposition for the purpose of obtaining from the Government of the Confederate States whatever may have been due the said *Samuel M Carson* at the time of his death, for pay, bounty or other allowances for his services, as *Ast. Surgeon* aforesaid.

Noble McGinnis J. P.

And on the same day and year aforesaid, also appeared before me, a justice of the peace as aforesaid, *James H Gibson* who is well known to me, and whom I certify to be a person of veracity and credibility, who, having been duly sworn, says, that *he* is well acquainted with *Joseph Carson* the claimant, and also well knew, for *8* years, *Samuel M Carson* the deceased soldier herein mentioned, and that the statement made under oath by said *Joseph Carson* the claimant, as to *his* relationship to the said deceased soldier, is true and correct in every particular, to the best of *his* knowledge and belief, and that *he* the said *James H Gibson* is wholly disinterested.

Noble McGinnis J. P.

STATE OF *Virginia*
Washington County, to-wit: }

I hereby certify that *Noble McGinnis* gentlemen before whom the foregoing affidavits of *Joseph Carson* and *James H Gibson* appear to have been made, and whose genuine signature is subscribed thereto, was, at the time of making and signing the same, a justice of the peace in and for the County and State aforesaid, duly commissioned and sworn, and to all whose official acts as such, full faith and credit is and ought to be given, as well in Courts of Justice as thereout.

In testimony whereof, I have hereunto set my hand and affixed the seal of *Washington* County, Court this *6th* day of *February* Anno Domini, eighteen hundred and sixty-*four*.

[Seal.] *[illegible]*, Clerk of *Washington* County Court.

If within their knowledge claimants should state where the officer or soldier was born, and when and from what cause he died, distinguishing those who were *killed in battle*, or *died of wounds received in battle*, from those *who died of disease*.

When there is an administrator, a certificate of the fact by the proper officer of the Court granting the same, under his seal of office, will be all that is necessary.

The law, and these regulations applying as well to conscripts as to volunteers, with respect to the former claimants and witnesses, will be required to swear to the conscription and the regiment and commander, to which the conscript belonged. They will name the captains and companies when they can do so, as this information will greatly facilitate the settlements.

Claimants should always endorse on their papers their *address*, naming *postoffice*, *County* and *State*.

The aforegoing forms, etc., have also been approved by the Secretary of War.

Hon Geo W Randolph

Sir

Upon the recommendation of Gen'ls Longstreet & Pickett, as well as Regimental & Company officers of the Regiment to which I belonged, I made application for the post of Brigade Qr Master.

You were pleased when the application was made a few weeks since, to assure me you would avail yourself of my services and assign me any vacancy that might occur.

I learn that the Brigade recently commanded

by Genl A. P. Hill's with Army, which is a part of a regular Brigade of NC Troops and intimates that Major Reid who recruited that Brigade has been assigned to the command of a Brigade in Genl Hill's Corps to which he has recently been promoted.

May I ask that I be commissioned and assigned to that Brigade?

I understand Maj. Reid has yet been appointed to that Brigade in place of Genl A. P. Hill — which I presume will render necessary any recommendation I might be disposed to make.

I take the liberty of accompanying this with an additional letter from Brigd Genl Ransom dated the 19th Inst. by the Quarter-

I have the honor [to]
request that you will be pleased to issue [an]
order, relieving the Inspectors of
Fd. Trans, in the Field, from the requirement, to send up to your Hd. Qrs. for
approval, all Certificates condemning
property as "Entirely worthless" & which may
be ordered "Dropped" & all ordered
to be "Expended" in Repairing or Fabricating
as well as all Animals ordered to
be "Killed on account of Contagious
disease" —
The Certificates approved by
you, are designed, I suppose, as vouchers
to be used by the Officer in the
settlement of his accounts — And if so
those only can be regarded as sufficient Vouchers — then the requirement
is impracticable in very many cases.
For it frequently happens that these
condemnations take place near the close

of the Quarter, the Officer is furnished with a Certificate by the Insp. Immediately after the Qr. closes, the officer settles his account according to regulations & is compelled of course to use the Insp Certificate as a voucher to his Abstract & in order to perform his duty & to avoid censure his account is forwarded within the prescribed time to the Dept, And although the Insp. may have forwarded without a moment's delay the Certificate to the Insp Genl. for his approval — yet it is not returned, until after the Officer's acct. has been closed & forwarded to the Dept —

This must be the result in great number, if not a majority of cases —

Again it appears to me, — with all deference — that the requirement cannot be productive of any benefit in any way — The action of the Insp. in the field must be final in fact — The property is viewed by him & is always disposed of according to his judgment, before the approval is obtained, & whether right or wrong cannot be altered, And so when approved it is done upon the judgment of the Insp. — who alone is competent to decide as he alone views it, And besides, when the approved Certificate comes to hand, it is of no use to the Officer, who has already formed his account —

The same is applicable in cases of Animals condemned on acct. of contagious diseases, which are regarded as incurable & to prevent spread of the disease must be killed at once, & before any approval could possibly be obtained —

It appears to me the action of the Insp. must be sufficient authority to the Officer to have the animal killed, & if so, the Certificate of the Insp. must be sufficient voucher of the fact —

I am Major
Very Respectfully

suffer in my absence - The health
of the city is better now than it
has been for a month or more. one
evening(?) I attended to the duties
for two weeks Dr. Lewis can at-
tend the same for me during
the time. I only ask a short leave
and that being on good grounds.
I sincerely hope you will give
one, what alone is requisite.
"your statement that the serv-

promises to do all the du-

myself" the business demands
my personal attention, and
ought to have been attended
to the 1st Jan. but I could not
ask to leave, being alone here -
I must beg pardon for im-

Res: refered to the A & I G.

Gen Johnston, on the recommendation of Gen Pendleton asks the appointments of Col T. H. Carter and Jas Dearing as Brig. Gen and Col. of Artillery, respectively.

Col Carter has been recently (on the application of Gen Lee,) apptd Col of Artillery for duty with the Army of No. Virginia. Maj Dearing was at the same time, appointed Lt Col of Art'y for duty with the Stuart horse artillery, and Gen Lee in a recent letter speaks of needing his services very much.

He has now, however, temporary Rank of Col. for the purpose of organizing a Cavalry Regiment

in Gen Pickett's Command, but
it is thought that he will not
recover. In that event his Tem-
porary Rank would cease, and
it is in contemplation to order
him to Gen Lee — In view of
these facts, and the interests
Gen Lee has in the subject I
would suggest a reference to
him before action is had.

E. A. Palfrey
Lt Col A.A.G.

Respectfully referred to Genl R. E. Lee

Sir,

The horses taken by you from the wagon of Col. Thomas H. Carter & the property of a soldier left on the farm of Col. C. to his pasturer, are much to be valued. He must be returned to Dr. Ellyson of this city, from whom Mr Carter will get him.

The bay horse branded C.S. which you have directed to be held subject to your order, is now by Col. Carter in the service, & much liable to impressment, & no mistake will be taken.

Respectfully returned — Col Counter & Lt Col Morris are excellent officers & I of course should dislike to lose them from this army. Still if their services are of more value in the Army of Tenn. — especially if they can be promoted respectively to the rank designated I will offer no objection to their transfer. I will assent to the transfer of Genl Pendleton to that army if his services are considered there.

I have a Sufficient Supply of Bandages & Lint. but a limited Supply of Medicine, having about one fifth the articles allowed by the Supply Table. and am out of some medicines most required in an army. I have made a requisition for them on the Medical Purveyor and have not been able to get them.

I have no Instruments belonging to the Government, as the same was taken at Camp Moore by order of Maj Gen. Breckenridge. who caused any Officer to be broken upon and may medicines or Instruments taken from the same as your Surg. Major refused to give up my Reg. and Capt W. B. To Genl. Jos. E. Johnston
Commanding, South Western Department

Genl,

I beg leave to report, that since I had the honor of a personal interview with you (& understanding that it was your wishes, that I should visit the camps & hospitals & make myself acquainted with what was needed to facilitate the recovery of the sick and to guard against the avoidable causes of disease among the troops) I have been diligently occupied in conformity to your wishes or orders. But on returning, found that all your Staff had left. So I thought I had better report to the Lieut Genl Commanding the Miss & E. La department & tell him the result of my observations & to make such suggestions as I thought would best prevent disease among the troops at Vicksburg, Grand Gulf & Port Hudson which he approved. When the enemy turns his back, disease will be sure to come on the approach of hot weather, unless some Hygienic means be used to prevent it. When I first went to Vicksburg I found much sickness, but while there, the sound of the artillery against the boats that ran the gauntlet, immediately improved the sanitary condition of our men & it has been much more satisfactory firing both at Vicksburg & Port Hudson than if our [illegible] I found [illegible]

among the troops in the camps, who were attending to their ordinary duties without feeling sick. This I attributed to their eating too much meat & too little bread — our bread ration being diminished [illegible] less than the French & doubling the French ration in meat. This scorbutic condition from too much animal food, too little bread & vegetables, was the soil on which the diseases grew that afflicted the soldiers coming into the hospitals. I remained nearly a month in the hospitals myself, eating & sleeping there, the better to observe & make myself acquainted with what was needed. For a time I was appalled at the poverty of the Medical chest & the scarcity of such things as are best to improve scorbutic blood. But recollecting that white flint corn, prepared as food in a variety of ways, as hominy, "big hominy" mush, green corn, parched corn meal, &c was the best anti-scorbutic known, I went into the country to look up those old settlers, who had not forgot how to make hominy mortars & to prepare corn by a particular kind of cooking to serve in curing the scorbutic degeneration of the blood. All this I had to learn over again, having forgotten the particulars 45 years ago — as my earliest recollections were associated with the hominy mortar & the very kind of food prepared in the aboriginal method, that crowned the tables of those old settlers & pioneers. At Mr Joe E. Davis' I found all of them on his table & learned to ask how to cook & prepare them, so as to be able to give directions to others to prepare them in the same way. Mr Davis, brother of the President, had no less than 6 hominy mortars made before my eyes.

I have directed the hospitals to be supplied with them as fast as they can [illegible]. By means of them, the unhealthy [illegible] among the [illegible] of any [illegible] [illegible]

corn-batter-cakes made, without any trouble, for the table - and an excellent drink, like tea, only very nutritious, made from bread, baked in 15 minutes, on a red hot iron. Also the method of torrifying corn, deprived of its husks, or the pellicle covering the grain, into a brown substance, without charring it - & then reducing it to a fine meal by pounding in the hominy mortar - This meal, treated like coffee, is almost as good & much more nourishing - I followed the early pioneers with the military department 48 years ago among the Indians in what is now Northern Alabama & know that they & the Indians used this very kind of torrified corn, reduced to meal, on long & fatiguing hunting expeditions & long journeys without any other kind of food - It would be an excellent thing for our soldiers to carry in their pockets to chew by the way on long & fatiguing marches, as it abates hunger & relieves thirst - It is not exactly what is called parched corn, as that is often burnt & blackened in the process of parching & requires good teeth to masticate it - I thought I could best serve the country by pointing means to keep our troops healthy at Vicksburg, Port Hudson & other important points & also to select sites, or camp, for hospitals - There are some localities in this department so sickly as to destroy an army in a few months only in an unhealthy season of the year - There are others which are healthy - These healthy & sickly locations can often be told by the geological character of the soil - For instance the rotten rock, or old red sandstone is found near Fort Adams; & Cretaceous at a [illegible] [illegible] miles [illegible] [illegible]

at Wilson's Ferry, Township 6. Range 4 East & proceeds N. E. through Franklin
County. In those tracts were it contains other substances, it may
be healthy or not — But experience has proved that the vicinity of
the farms on this sandstone range are remarkably healthy
Woodville is liable to violent bilious fevers & has several times
been ravaged with yellow fever — whereas the country 6 or 8 miles
north east of it is remarkably healthy — A sandstone range
crops out a mile above Grand Gulf, so firm & unyielding
as to throw the current on the west side, producing a kind
of whirlpool or gulf — This ledge ranges below the big black
& Bayou Pierre & extends eastwardly to Raymond & the Mississippi
Springs — The country along this range is but healthy
about below it — At Vicksburg the lime stone rock is found
& also appears on the Yazoo near St Peters — & runs eastwardly
to Pearl River & beyond — & when not too much intermixed with
unhealthy materials, affords excellent sites for hospitals & temporary
If provided with a prudent, qualified & experienced military surgeon,
the best locations for camps & hospitals can easily be found. What we
very much need are sanatoriums. There are such hospitals where patients
go to take medicine, but highly elevated locations of an annual temperature
as low as that of England. By means of a number of
sanatoriums in all the Presidencies of British India, the mortality
has been greatly lessened in the whole army. While
at the sanatoriums it is no greater in India than in Scotland.
With some apprehension I have been to establish one on the
site lately selected for the Southern University, not
far from Chattanooga — & also some others in other places
where a cool climate can be reached. Pray let me
know what you ask me to do. I have the honor

Sir

I have the honor to say to you that after I had been notified by the President that he had absolved me "Surgeon General" of this Department I directed one to report to the Genl. Commanding & that he would tell me what my duties were. I did so accordingly & he informed me that I was to have a general supervisatory control over all matters pertaining to the health of the troops & also in regard to the sick in the hospitals. Not feeling disposed to take the reins of so responsible a service as that of the health of the troops in my hands, I thought it best to visit the camps & hospitals as a kind of control or subordinate or detached service with the privilege of going in & out of Camps & Hospitals, collecting information. I have spent some three months on this detached service; which General Johnson himself advised & desired me to undertake. I have now returned to Jackson & find that he & all of his staff have left. I write to you to consult him to know what he would wish me to do. While there a few days, as I saw a number of his staff officers I have had an Assistant Surgeon after, but he

for [illegible] healthy locations for camps & hospitals for our troops in Vicksburg, Port Hudson & Grand Gulf (close by, the most convenient). I would want a practical geologist & an engineer of Military experience to explore the country in the vicinity of the above mentioned Posts to find healthy locations & at the same time such as would be convenient in a military point of view. This is the method the French pursue to find healthy locations, good water &c, on lines ~~[illegible]~~ not out of their military conveniences. Dr Lévy was sent by the Emperor to the Army of the East with exactly the same powers as those, which General Johnson informed me had been conferred on me. His title was a Medical Inspector. & this is the title that French Medical writers give to the Surgeon General of the old U.S. Army. He is called by them, not Surgeon General, which conveys no definite idea to a Frenchman, but L'inspecteur du service de Santé. Dr Lévy's title was Mr L'inspecteur Lévy; yet he was the highest Medical Officer in Pellisier's command. My Commission uses the term Medical Inspector, evidently in the same sense as "Médecin Inspecteur du service de Santé" of the French. that of Surgeon General being its translation. The Surgeon General of this Department the President addressed and [illegible] General [illegible] a word [illegible] it should [illegible]

in accordance with [illegible], should entitle me
accord to me the title the President of the Confed
-erate States & the General Commanding have
both conferred upon me. I care not a straw about
title, but I find our Surgeons, Medical Directors
& other officers cannot divest their minds of the
inferiority of rank in Medical Inspectors. Nearly
all the Directors of Hospitals have 3 or 4 officers
under them called Medical Inspectors. The other
day when I called on the Medical Director in
Richmond to furnish me with some information
in regard to the sanitary condition of [illegible]
his Hospitals he refused to reply, alledging I was
inferior to him in rank. (Though Genl
Johnson had expressly told me I outranked every
other Medical officer in his Department) The
Director, however, in respect to my seniority of years
referred me to one of his subordinates to get the
information I sought. I told him that not to be outdone
in courtesy I would in consideration of his being
my Junior in years grant him time to make him-
self informed on the question before giving him any
cause to trouble himself by the trouble he threatened.
Not only him, but a number of other officers cannot
separate the idea of inferiority of rank from [illegible]
entitled Medical Inspectors. This is owing to the
[illegible]

with what we call Surgeon General - I shall not attempt any radical changes without first submitting my suggestions to the General, Commanding & obtaining his approval. Can you not obtain from him authority for me to employ one or more assistants - I went to General Sumner's Headquarters the other day to get Assistant Surgeon Thomas R. Crosby transfered to my service. But Lieut Col. Meeringer told me, I had better apply to General Johnston - which I now do thinking perhaps an order would be better defining my position; Pardon me for troubling you.

Comdg Dept [illegible]
Sir:

Dr Saml A Cartwright, Major in the Adjutant General's Department so appointed for the purpose of attending to matters pertaining to the health of the troops and supervising Hospitals in General [illegible] Department writes that some difficulty was made about giving him information on these subjects by the Medical Director of your Department, because of alleged inferiority in rank.

Dr Cartwright was selected for this duty by the President, and is acting by the authority and under the orders of General Johnston. There is no question of rank, therefore, between himself and any of the officers in your Department.

You are respectfully requested to order all your officers including those of the Medical Department to afford to Dr Cartwright every assistance in their power, in the execution of his duties and to promptly give him any information he may think proper to apply for.

By Command of
Genl Johnston
Very Respectfully
Benj. S. Ewell

To Brigadier Genl Peabody
Commanding, District of
Miss. & E. Louisiana—

General,

The undersigned respectfully begs leave to say, that by virtue of an appointment making it his duty to take a general supervising charge of all matters pertaining to the health of the troops of the Sherman Western department, the location of hospitals, camps &c, he has given you with re-consideration upon late order selecting Vicksburg for a large hospital. Gen Johnson directed the undersigned to visit the camps & hospitals & to see what sanitary measures as may be thought of as appropriate & to for hospital. he healthy. It is unnecessary for him to visit Vicksburg as already brought to your mind, and more would think of selecting it as an appropriate site for a hospital; because they Yellow fever has repeatedly selected it as the theatre of its destructive ravages. Nineteen years ago a deadly endemic fever destroyed great numbers of the inhabitants of Vicksburg & its vicinity. In January 1864 New Orleans & all the towns on the coast, including Low Lay, evoked the plague. The white population employed in the factory of Vicksburg, died to such

in the hot weather, as to compel the proprietors, to take delicate negroes. They died, whether often yellow fever prevailed or not. There may be, though, some military necessity for locating a hospital there. But there surely can be no military necessity for turning the young ladies out of doors and appropriating their large & newly constructed High School into an hospital. Better turn every man in Woodville out of doors & appropriate their dwellings to hospital uses, than to touch with the hand of military power the sacred precincts exclusively belonging to our Southern women. No complaints were made when the boys of Jackson College were turned out & the college converted into a hospital. Boys can do without education, except what they pick up at distant intervals. But war or no war the education of girls must be attended to or they will lose their influence in society & cease to reign in the empire of beauty. It is that empire that is the soul of chivalry & the deeds of daring that our soldiers have displayed. Their daughters are the apple of the eye of southern matrons, & from a letter now before me, of 23 Jany, from a most influential one, (and on the grey side too,) I perceive that the order, to turn out the academy, just created for the daughters & all ready to go into immediate operation, [illegible] is viewed with much bitterness of feeling.
